Norwich Castle: Royal Palace Reborn

Norwich Castle is undergoing some exciting changes! Until at least early 2024, the Castle Keep is closed for major redevelopment work which will restore it to its medieval heyday as a royal palace. Although the Castle Keep itself will be closed during this time, most of the rest of the museum will be open, with some changes here and there. The project means we'll have a smaller capacity for school groups, and we'll be running a more streamlined version of our schools' programme.

Strangers' Hall and the Museum of Norwich are not affected by the work.

Covid-19

Please note that all on-site bookings may be changed or cancelled at short notice if government guidance requires it. If you book an on-site event, you will receive detailed information about the steps we are taking to run Covid-secure events, and we would ask that all accompanying adults read that information carefully before your visit. Some galleries or areas of the museum may be unavailable for your visit. Further details are available on request by calling 01603 493636 or emailing norwichcastle.bookings@norfolk.gov.uk.
