

**A** is for *amulet*

This wooden bear or dog amulet originates from the Tlingit tribe of the North West Coast, British Columbia.

You can find it in our Cabinet of Curiosities.

Bears are symbols of strength and wisdom. They are often associated with healing. A shaman (healer) would carry or wear an amulet to cure illness.

Have you a favourite bear? Share your photos.

Can you make your own museum of **A** objects from your home?
